# ULTRAFORMER III

The Most Advanced Non-Surgical  
Face and Neck Lift

Face And Neck Lifting & Tightening

See natural-looking and  
long-lasting results without  
the downtime

2018.08.01

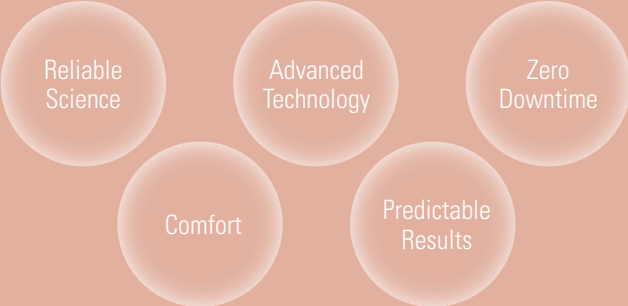

# Ultraformer III treatments are non-invasive.

Ultraformer utilises micro-focused ultrasound energy to instantly contract collagen fibers and promote long-term collagen growth for a natural, lifted look without the downtime.

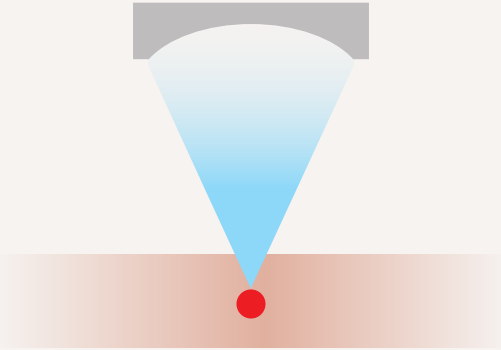

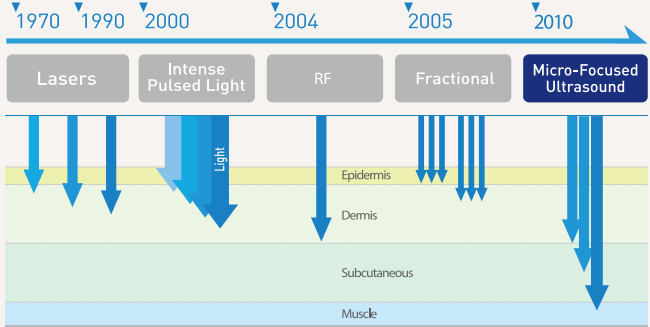

The newly-developed and most advanced patented elliptical transducers has helped practitioners worldwide to deliver faster, better and longer-lasting results.

## ULTRAFORMER III'S 5 AREAS OF EXCELLENCE

# Technology evolution over the years.

## SURGICAL PRECISION WITHOUT THE SURGERY

New technology in the Ultraformer focuses ultrasound energy more efficiently into a target zone, resulting in less dispersion of heat to sensitive layers of the skin for enhanced comfort.

# Experience the Ultraformer III Lift benefits.

- Treatments only take 25-45 minutes saving you valuable time
- No pre or post-treatment skin care requirements
- Skin colour independent with zero patient downtime

The Ultraformer III is the world's number one ultrasound lifting, tightening and contouring system; the latest in non-surgical skin tightening technology.
